

Dr. Catherine Thorne

Associate Professor of Computer Science | catherine.thorne@university.edu | Cambridge, MA

RESEARCH INTERESTS

Natural Language Processing, Program Synthesis, Formal Verification of Neural Networks.

EDUCATION

Ph.D. in Computer Science — Harvard University (2015)

Dissertation: 'Grounded Semantic Parsing for Programming Languages'

B.S. in Mathematics & CS — Yale University (2010)

ACADEMIC APPOINTMENTS

Associate Professor — Dept of CS, Harvard University (2021 – Present)

Assistant Professor — Dept of CS, Harvard University (2015 – 2021)

PUBLICATIONS & CONFERENCES

- Thorne C., & Vaswani A. 'Neural Program Synthesis with Constraint Verification', NeurIPS 2022.
- Thorne C. 'Semantic Grounding in Large Code Models', ACL 2020.

RESEARCH GRANTS & AWARDS

- NSF CAREER Award: Automated Code Verification via Grounded Models (\$550,000) — 2020

TEACHING EXPERIENCE

- CS 281: Advanced Natural Language Processing (Graduate Level)
- CS 182: Artificial Intelligence Principles
